EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bill Schmidt on 11/21/2007.

Cancel claims 6 and 9.

The following is an examiner's statement of reasons for allowance:

An updated search failed to uncover a reference that teaches the instant process. Moreover, the search failed to uncover a reference that would have provided a basis to modify a known process to include a chiral catalyst and a Lewis acid.

Without acquiescing to any potential rejection, but solely to expedite allowance of the instant application, applicant has canceled the compound claims 6 and 9. Applicant has the right to file one or more divisional applications drawn to the non-elected subject matter, see attached interview summary.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
